DEMOCRATIC HOSTS IN CONVENTION ASSEMBLED.

Nominate a Clean, Sober, Conservative Ticket From
Top to Bottom.

ENTHUSIASTIC BODY OF DEMOCRATIC VOTERS.

C. Vic Robertson, of Glendean

Democratic Nominee for County Clerk. He will turn the Key to Success for
Democratic Party of Breckenridge

THE TICKET.

For County Court Clerk—C. Vic Robertson.
For County Judge—Matthias Miller.
For Circuit Clerk—Lee Walls.
For County Attorney—V. G. Babbage.
For Sheriff—H. G. Vessels.
For Superintendent of Schools—Joe W. Trent.
For Jailor—William Gilbert.
For Assessor—Peyton Claycomb.
For Coroner—Lee Bishop.
For Representative—Hon. D. C. Moorman.

A large and enthusiastic body of Democrats met in Mass Convention at Harrodsburg Monday to nominate candidates for the various county offices to be held next November. The convention opened promptly at 1:30 p. m., and was presided over by Chairman Thos. J. Moore.

After calling the convention together, Mr. Moore made an eloquent and enthusiastic appeal to his fellow Democrats, gave an account of his stewardship as chairman, promised his loyal support to the ticket to be named, and who was named in that connection would be elected next November. Mr. Moore's speech was enthusiastically received and heartily applauded. He then called and awaited the pleasure of the convention.

Mr. Whitworth in an eloquent address and fitting tribute to his friend and fellow Democrat—said the e would be no mistake made by nominating that prince of good men, a man as clean and pure as any man who ever walked up and down the county and a man who would carry all the Democrats and half the Republicans, that man, said he, is none other than C. Vic Robertson. The mention of his name sent a thrill of enthusiasm through the house, and the applause was long and loud. His nomination of course was unanimous and then some.

Judge Henry DeHaven Moorman then put in nomination for County Judge, Judge Matthias Miller, the man whom he succeeded in office. It was his great pleasure, he said, to name him as his successor. He said he was also grateful to the people for what they had done for him.

Mr. Miller's nomination was made unanimous. Mr. Cart put in nomination Lee Walls for Circuit Clerk. Will Hook seconded the nomination. His nomination, like those before, was made unanimous. John E. Moorman said it was the finest entertainment he had had in years, and it carried him back to the good old Democratic days, and he was glad to be present and back home again and participate once more in a good old-time Democratic Convention. He wanted to second the nomination of Virge Babbage, for he considered him the best man in the county for the place. Mr. Babbage's nomination was made unanimous.

chairman who said he was the first and only Norton, he presumed, who ever participated in a Democratic convention. He wanted to name a man whom he thought was justly entitled to the nomination and a man who would add strength and votes to the ticket—that man is Finly Miller.

His nomination was seconded by Marshall DeHaven. This was the only contest in the convention, and it was a pretty lively and close one. Mr. De Haven moved that the chair appoint four tellers to count the vote. The chair named Dr. Spies, Jess Whitworth, Dr. Walker and Mr. Drane.

Mr. Moorman said before the vote was taken that it was the custom to name the deputies on the ticket. He would like to hear them named. Judge Moorman thought it was best to wait and let the deputies be named after the nomination. Judge Murray was of the same opinion. He thought it best to leave it to the man nominated. It would be playing into the hands of the Republicans and give them great advantage to name the deputies now. Incidentally the Judge said it was the happiest day of his life. It does my heart good to be here in this good old-time Democratic Convention. We are all here for the good of the party. The Democratic spirit still lives and never will be defeated. Let us proceed in order.

Hon. D. H. Severs had some of the old-time spirit left in him. He was glad to see the people here and taking part in this great convention of Democrats. He was in favor of the people knowing who their deputies would be and thought they ought to be named.

John Alexander was opposed to the deputies being named.

Dr. Board made the point of order that it was not in the province of this convention to name the deputies and asked the chair to rule on his point at once.

Mr. Moorman said it was the custom of Sheriffs in this county to name their deputies and he thought it a good custom. The chairman at this juncture ruled that Dr. Board's point of order was well taken, and that the convention proceed with the vote. The Miller men will please get on the left side of the house and the Vessels men on the right so that the tellers can count the vote.

The first count resulted in 165 and 130 for Vessels, and 141 and 136 for Miller. This count was not satisfactory and a second count was made, resulting in 136 for Vessels and 131 for Miller. This vote satisfied the convention and Mr. Vessels' nomination was made unanimous. This contest was quite spirited and closely contested from every point, but it ended up with the best of feeling.

Mr. Penick in a very happy and appropriate speech put in nomination Joseph W. Trent, of Carter, for Superintendent of Schools. His nomination was unanimous.

William Gilbert was put in nomination for Jailor by two. His nomination went through in a whoop.

Gilbert brought the house down when he accepted the nomination by saying he got his speech out of Vic Robertson's basket. Vic was too full for utterance and so was "Bill."

Peyton Claycomb was the unanimous choice of the convention for Assessor, and Lee Bishop for Coroner.

The convention wanted Henry Matthews for Surveyor, but he declined, saying it was impossible for him to leave home. The County Committee was authorized to name a candidate.

The Hon. D. C. Moorman was named for Representative. He declined to accept the honor, but it is thought that he will accept with a little time to study over the matter.

The convention then adjourned.

The convention then adjourned.

DIES AT THE NORTON INFIRMARY

William Gray, of Hancock County, Succumbs to Wounds.

William Gray, a well-known young farmer of Hancock county, Ky., died at the Norton Memorial Infirmary at 11:45 o'clock this morning from bullet wounds which he received Wednesday night in a pistol and knife duel with Ab. Adkins at Havesville, Ky. His father, John Gray, a prominent citizen of Havesville, was at his bedside when he passed away.

The body will probably be taken to Havesville for burial.

Gray was brought to Louisville on Thursday morning for treatment. He was hurried from the depot to the Infirmary, where an operation was immediately performed in hopes of saving his life. For the first time it was feared that the wounds would prove fatal. He had three wounds, one in the arm, one through the body under the heart and another penetrating the bowels.

The tragedy occurred on the crowded streets of Havesville on Wednesday night at 11 o'clock, just as the street fair was breaking up for the night. The fight is supposed to have resulted over a quarrel growing out of jealousy over a young woman. Gray used a knife and Adkins a revolver.

In the deadly struggle Adkins received stab wounds about the face and neck. He narrowly escaped bleeding to death. He is now confined at the Havesville jail.—Louisville Times

Nobody Spared.

Kidney Troubles Attack Cloverport Men And Women, Old And Young.

Kidney ills seize young and old. Come quickly with little warning. Children suffer in their early years—Can't control the kidney secretions. Girls are languid, nervous, suffer pain.

Women worry, can't do daily work. Men have lame and aching backs. The cure for man, woman or child is to cure the cause—the kidneys. Doan's Kidney Pills cure sick kidneys.

Cure all forms of kidney suffering. The following testimony proves it. Mrs. Ann E. Dittman, 619 Crittenden St., Owensboro, Ky., says: "My son, aged sixteen years, was troubled by weak kidneys. He was compelled to pass the kidney secretions frequently, which was indeed very embarrassing to him. We read of Doan's Kidney Pills and seeing what other people were saying of them, we decided to give them a trial. They have removed the difficulty entirely and he is now in good health."

Correction.

The death of James F. Claycomb was caused from heart trouble as the result of injuries from a fall. It was stated that he died of tuberculosis, which was a mistake.

: "FACE TO FACE" :

Zilpha, beautiful girl, a true friend, a christian; all these was the precious daughter of Mr. and Mrs. Forrest Gilliland.

In the still hour of the morning, Friday at 2 o'clock, Zilpha told her mother and father goodbye. She had been ill of typhoid fever four weeks, but her death was most unexpected. Dr. Lightfoot had been treating her daily and Dr. Simons, too, was called in consultation, however, medical aid proved in vain.

September the fifth she would have been seventeen years of age. Her birth place was near Ekron. Nine years ago her parents came to Breckenridge county to live, but only since Zilpha entered her teens had Cloverport people known her well. Her time

Rev. Hickerson, of ———, a brother of Mrs. Gilliland, held a most strengthening service. His prayer was earnest and comforting.

At 2 o'clock the funeral was conducted by the Rev. James Lewis from the Baptist church. The music was sweetly rendered by kind friends. They sang Zilpha's favorite song "Jesus Understands". The members of her Sunday School class, which is taught by Mrs. Chas. Lightfoot, acted as pallbearers. They were: Misses Katie Wroe, Susie Newton, Beatrice McCracken, Elsie Gregory, Hazel Holder, Minnie Embry, Annie Mabel Kramer, Lottie Matheny, Audrey Perkins, Rachel Jackson, Annie Belle Morrison, Fronsie Dean.

The interment took place in the Cloverport cemetery. The grave was

to form friendships had been short, but she won them quickly and firmly. Of course she did not escape criticism and was often times her dear heart was wounded, but always forgiving she was and her life was filled with love for every one.

In 1907 Zilpha joined the Baptist church and was a faithful worker. She was a member of the Sunday school and of the H. Y. P. U. So broad and genuine was her religion that she would share her time with other denominations and so much had she done for the Epworth League that President James Younger requested the members to attend the funeral in a body as a token of respect to her memory.

Saturday afternoon just before the remains were taken from the home, the

covered with flowers. Both the R. Y. P. U. and Epworth League gave exquisite floral designs and there were many elegant ones from relatives and friends. From a distance those who attended the funeral were: Mr. and Mrs. J. M. Hickerson, of Ekron; Mr. and Mrs. Lon Neufus, Miss Murdie Neufus and Mrs. Ella Lampkin, of Ekron.

Besides her parents, she leaves one sister, Anita, and two brothers, Wilber and Edison.

To others, Zilpha's life was like one sweet dream. Her beauty from rare, her voice so soothing, and pure was her heart. To this little queen a crown of life has been given, and her death, only "Jesus Understands."

LOSE CLOSE GAME

Cloverport Juniors Are Losers in Hard Fought Contest at Hardinsburg.

RAILROADERS IN A SMASH-UP.

What might have brought joy to a bunch of Cloverport Junior followers of the National game was nipped in the bud last Saturday afternoon.

In other words the Cloverport Juniors was defeated by their fellow ball tossers from the county seat in a hard fought game on the latters' diamond by the score of 9 to 8.

Tucker and Hoben were the opposing star artists in Saturday's contest. Both pitchers were hit freely as the score indicates while some good field stunts were pulled off by those who performed in the outer gardens.

The locals had them shut out in the fifth when the Hardinsburg boys took the lead. The locals were again in the lead in the eighth but in the ninth they could not produce the winning tallies. The locals claim that a few red decisions of the umpire caused them to lose the game.

Railroaders in a Smash-up

A local aggregation of railroaders for the unknown reason because of the opinion last week that they could defeat the regular team. The challenge was accepted. Several warming-up practices were engaged in during the week and the railroaders were confident of victory. Some even talked of a shut-out.

However, such was not the case, and Sunday afternoon after nine innings of

little efforts on the part of the railroaders they were forced to throw up the sponge, having been able to score only a trio of men, while the regulars easily sent seven across the home plate.

The feature of the game was the pitching of Tucker and the stick-work by Graman for the regulars. Tucker pitched fire ballings and not a score was made. Graham found Blaine's offerings easy and ad another home run to his credit. Furrow pitched the latter part of the game and the railroaders found his offerings a little easier and managed to make three runs. Two of these were due to the timely hitting of Lewis, who in the ninth with two out and two on bases awaited the sphere for a three-bagger.

New Suits

The local team has ordered new light grey suits which are expected to arrive in a few days and will add much to the appearance of the team. The boys are practicing daily and some good games are promised before the season closes.

Card of Thanks.

Mr. and Mrs. Forrest Gilliland thank their friends for the many acts of kindness shown them and their daughter, Zilpha, during her illness and at her death. They greatly appreciate more than words can tell, the loving tribute paid her by the members of the H. Y. P. U. and Epworth League.

Protracted Meeting.

A protracted meeting will begin next Sunday, July 25, at Hites Run. Rev. J. J. Willett, the pastor, and by the Rev. J. P. Jenkins will conduct the meeting. The meeting will be held in a tent.

Making Money On the Farm
VI.—Seed Corn Breeding
 By C. V. GREGORY,
 Author of "Home Course in Modern Agriculture"
 Copyright, 1909, by American Press Association.

FIG. 21—GOOD TYPE OF KERNEL

In the preceding articles improved methods of growing a few of the most widely grown farm crops have been given. By study and careful attention to details it is possible for a farmer to make a good profit raising common produce for the general market. Much greater returns, however, may be obtained by specializing in some particular line and selling the products on a special market.

One of the most profitable special lines that can be followed is breeding improved seed corn. This is some-

thoroughly such time across. It is better to drill the corn in the breeding plot than it is to sow it in cultivation to advance crosswise. Two or three border rows should be planted around the edges of the plot.

Care of the Breeding Plot.
 The breeding plot should be well fertilized, the soil should be well cultivated, and the seed should be well selected. The corn should be well watered, and the weeds should be well kept down. The corn should be well thinned, and the plants should be well spaced. The corn should be well husked, and the kernels should be well cleaned. The corn should be well stored, and the kernels should be well protected.

As soon as the corn is all ripe the ears should be husked, keeping the husks of each ear separate, and the corn from the tasselled rows, as well as from the imperfect rows that were de-tasselled and from the border rows, should be separated. At the time of husking the tasselled corn any peculiarity of the stalks in a row should be noted. The number of stalks in each row should also be counted. The weight of the corn from a row divided by the number of stalks in that row will give the weight per stalk, which is the proper basis for comparison. It will be found that there is a very great difference in yielding ability, but merely a few more or less stalks per acre, which has been improved in the breeding plot. Each year seed from the highest quality and best yielding of the individual ears is saved, and about the next year's breeding plot, and the remainder used in the increase field.

The increase field is not for the purpose of improving the corn, but merely to secure larger quantities of seed, which has been improved in the breeding plot. Each year seed from the highest quality and best yielding of the individual ears is saved, and about the next year's breeding plot, and the remainder used in the increase field.

Where several hundred bushels of corn are to be saved for seed, as is the case where a specialty is being made of well bred seed corn, it is necessary to have some sort of special seed corn house. This may be tiled with slatted racks, on which the corn is laid, or the ears may be hung from the ceiling with binder twine. The racks are the better method, as it permits a more thorough circulation of air around the corn. The use of two

 Essentially Feminine Affairs—The Groom Elect Not Invited.
WAYS OF PRESENTING GIFTS.

At a Shower Given in June the Hostess Entertained Upon Her Floor—An Amusing Surprise For the Guest of Honor.

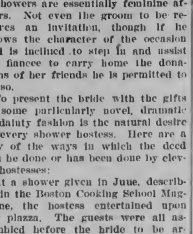

Bridal showers are becoming more and more popular every day. To the bachelor girl whose friends all get married at once, with concentrated demands upon her time and purse, these overfrequent disturbances of the weather are somewhat of a strain.

But from the standpoint of the less beleaguered mortal the bridal shower is a charming function. And to the bride the shower is the most cheerful of the more prosaic contributions toward her household furnishings will carry with them from the occasion a bit of sentiment that endears them to her even more than their practicality and usefulness.

Showers are essentially feminine affairs. Not even the groom to be received by invitation, though if he knows the character of the occasion and is inclined to step in and assist his fiancée to carry home the donations of her friends he is permitted to do so.

To present the bride with the gifts in some particularly novel, dramatic or dainty fashion is the natural desire of every shower hostess. Here are a few of the ways in which the deed can be done or has been done by clever hostesses.

At a shower given in June, described in the Boston Cooking School Magazine, the guests entertained upon her piazza. The guests were all assembled before the bride to be ar-

received. Her invitation had been for a later hour than those of the rest of the party, and she was to accompany the bride. The victim of the shower was promptly led up to a window that opened from the living room. Out of this window a long line of strings, sometimes pulled out a cake upon and sometimes dragged forth a clothesshoe.

A THINNING DIET.
 No Necessity For a Too Rigid Dietary Perseverance Wins.
 The girl who would train down should not starve herself; she should eat plenty of the right kinds of food. Most people are fat because they overeat fat unwholesome foods.

Here is a diet list that, faithfully persevered in, never fails to take off pounds of superfluous flesh. If you want to get thin you may eat:

—Fish—Nearly all fresh fish, boiled.
 —Meats—Lean beef, mutton or lamb, chicken, game (sparingly).
 —Eggs—Boiled or poached on toast.
 —Farinaceous—Stale bread, dry toast or crusts (sparingly).
 —Vegetables—Spinach, lettuce, celery, greens, asparagus, cauliflower, onions, white cabbage, tomatoes, radishes, olives.
 —Desserts—Ripe fruits only, acid varieties preferable.
 —Drinks—One cup of tea or coffee without milk, cream or sugar or one glass of pure water slipped at the end of the meal.

You must not eat:

—Soups, salmon, bluish fish, salt fish, pork, veal, sausages, meat dishes, potatoes, macaroni, omelette, hominy, spiced rice, peas, carrots, turnips, parsnips, puddings, beef, poultry, cakes, sugary sweets, milk, cream, sweet wines, champagne, malt or apertives liquors.

Bad Backache

Such agonies as some women suffer, every month, from backache!

Is it necessary? No, it can be prevented and relieved, when caused by female trouble, by taking a medicine with specific, curative action, on the female organs and functions, which acts by relieving the congestion, stopping the pain and building the organs and functions up to a proper state of health. Try.

WOMAN'S RELIEF

"I suffered for 15 years," writes Mrs. Matilda A. Akers, of Bingham, Minn., "with various female troubles. I had such a backache that it drew me over, so I could not stand straight. The doctors could not help me, so I took Cardui, and now I feel like a new woman."

QUITE FOGGY.

Must Have Been Pretty Thick Back in the Old Days.

"Yan, it's foggy—quite foggy," said Joseph Torp, huc, filling his pipe and puffing vigorously on the stem. "But ain't nuth' n' to the fog we had back seventy-nine. My gorry boys, but what was a fog, an' no mistake! Why was so thick that when I went out in the barn one night to feed the pigs I had to get three of the furr hands to come along behind me an' push me through it."

"Yan," said Abram Wigley, the egg-ling, "that was some fog. I remember that there seventy-nine affair ver, well, but it wasn't a marker alongside the two we had in seventy-eight."

When me an' Joe Bill here had to take plow to cut our way through to the house, an', by golly, when we got there we found the house a-stiff in it thick of a 'cher nests, an' some of 'em had eyes right on it like as though it was made of hay, b'gosh!"

"Yan," put in old Grady Smoags, the village patriarch, "then there two fogs was dandies, an' everything you fellers says about 'em is gospel truth, but for real fog y'd oughter been around here back in my young days. I tell ye they was solid, them days. Why, we boys used to set on the fence down in front of the little chapel an' make fog balls outen 'em an' peg 'em at people as they went by. Seems to me I ain't seen no fogs since that time that we could make snowballs out of. Have you, Billy?"—Chicago News.

Sees Mother Grew Young.

"It would be hard to overstate the wonderful change in my mother since she began to use Electric Bitters," writes Mrs. W. L. Gilpatrick, of Danforth, Me. "Although past 70 she seems really to be growing young again. She suffered untold misery from dyspepsia for years. At last she could neither eat, drink nor sleep. Doctors gave her up and all remedies failed till Electric Bitters worked such wonders for her health. They invigorate all vital organs, cure liver and kidney troubles, increase sleep, impart strength and appetite. Only 50c at Severs Drug Co."

The Don's Opinion.

Fashion is as inexorable in men's as in women's dress. The undergraduate perhaps the most telling example of this. It was so even a century ago, when Oxford led the way in adopting the new mackintosh trousers that were to supersede tight breeches and top boots. Just about that period a don of Trinity met an undergraduate arrayed in all the splendor of the new fashion. "Young man," said the don severely, "you will come to no good. You wear mackintosh trousers and keep a dog." The young man afterward became the banner and bishop of Winchester.—London Chronicle.

NEW TYPE OF ROAD.

Telford Blocks With Liquid Asphalt as a Binder to Be Tried in Jersey.

New Jersey is to experiment with a new type of road, and the experiment will be tried in Essex county, where the county engineer, James Owen, proposes to lay roads in West Orange, Nutley, Belleville, Verona, Short Hills, Millburn, West Caldwell and other places. The state is to pay one-third of the cost of these new roads, each municipality one-fourth of the cost of the roads within its limit, and the county pays the balance. Mount Pleasant avenue, West Orange, is to be the first scene of the new road trial. Telford pavement is to be used under a new formula prepared by Mr. Owen, and he thinks that such a road will stand automobile traffic indefinitely, and, while it will not be absolutely dustless, it will be less dusty than any other road of similar kind.

After the telford blocks are laid instead of using clay as a binder liquid asphalt will be used. This has been successfully tried as a binder in connection with patent road formula, and, while it will add about 15 cents a square yard to the cost, it will be cheaper in the end. The foundation of the road will be constructed in the ordinary way and finished in the usual manner. Then a coating of stone screenings will be applied and rolled. Next will come a four inch layer of broken stone and another thorough rolling. On top of this will be put a thin layer of screenings to fill the in-

LAYING A TELFORD FOUNDATION.

terstices; then the liquid asphalt will be put on but in the proportion of one and one-third gallons to each square yard of surface. It will then be given from ten to twenty to be beaten, and then another coating of screenings will be applied and rolled, and then it will be ready for use.

Many will not agree with Mr. Owen that telford block is good for automobile paving, as it is well known it is very hard on tires, but it makes a very solid, even road, and until the horse-drawn vehicles make it bad it is all right.

What county engineers and other road builders should try to do is to build a road that will stand the horses and the iron road wagons, and after doing that they will have solved the good roads problem.

A Night Rider's Raid.

The worst night riders are cabalists, orators or alchemists. They raid your bed to rob you of rest. Not so with Dr. King's New Life Pills. They never give rest or inconvenience, but always cleanse the system, curing Colds, Headache, Constipation, Malaria. 25c at Severs Drug Co.

The Laborer and His Hire.

At a conference in New York of foreign missions boards reference was made to the increased cost of living of missionaries here on leave, which made harder for them to get along than if they stayed in their foreign field of labor.

"Why," said the speaker, "a mission any must travel decently, and that reminds me of a story of Mr. Spurgeon and a fellow clergyman. The two were just starting on a railway journey and Mr. Spurgeon's friend showed him a second class ticket.

"See," said he, "what good care I take of the Lord's money."

"See," said Mr. Spurgeon, bringing out a first class ticket, "what good care I take of the Lord's servant."—You'll be Convinced.

Tortured on a Horse

"For ten years I couldn't ride a horse without being in torture from piles," writes L. S. Napier of Rutgers, Ky., when all doctors and other remedies failed, Bicklin's Arnica Salve cured me." Infallible for Piles, Burns, Scalds, Cuts, Boils, Fever-Sores, Eczema, Salt-Rheum, Corns. 25c. Guaranteed by Severs Drug Co.

Road Building to Mule.

Major L. W. V. Kennon in building the Benguet road through the mountains of northern Luzon, Philippine Islands, was obliged to study the character of his 4,000 native employees and adopt peculiar methods of developing their efficiency. He found that music was the best incentive to work. He had a band follow the gangs wherever they went and play as the men worked. From laborers worth 10 cents a day he developed the men into musical machines working in cadence with drum beats. Finally in closing up the work he made a wager that the road would be finished by a certain day. He promised a good cigar to every laborer if he won the bet. He won.

MORE PINKHAM CURES

Added to the Long List due to This Famous Remedy.

Camden, N.J.—"It is with pleasure that I add my testimony to the long list of those who have found relief from this famous remedy."

Lydia E. Pinkham's Vegetable Compound.

—Mrs. W. P. VALENTINE, 902 Lincoln Avenue, Camden, N.J. "I was a great sufferer from a female disease. The doctor said I would have to go to the hospital for an operation, but Lydia E. Pinkham's Vegetable Compound cured me in three months."

—Mrs. S. A. WILLIAMS, R. F. D. No. 14, Box 30, Gardiner, Me. "Because your cure is a difficult one, doctors having done you no good, do not continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial. It surely has cured many cases of female ill, such as inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, indigestion, dizziness, and nervous prostration. It costs but a trifle to try it, and the result is worth millions to many suffering women."

ROBERT ADAM.

He Created a New Era in English Architecture.

Robert Adam (1728-92) was to English architecture what Beethoven was to music. He was a Scotchman. He was a architect to the King, beloved at court, a member of parliament, and it was said of him that he "could not help adorning all that he touched." These of the English people who dwell in Adam houses prize them as rare jewels.

Adam introduced into English architecture a lightness, delicacy of touch and charm of proportion which had not been before. He was a architect to the King, beloved at court, a member of parliament, and it was said of him that he "could not help adorning all that he touched." These of the English people who dwell in Adam houses prize them as rare jewels.

Adam got his vich, beautiful and distinctive style from the ruins of the Emperor Diocletian, at Spalato. As a finish to interiors he conceived the idea of using figures in relief upon walls, colored and adorned according to Raphael's Staircase painted flat upon the walls of the Vatican. His idea was as bold as its result was beautiful. He also adopted Pompeian styles of decoration.

"Adam was artist as well as architect, and his walls, ceilings and interior adornments are marvels of harmonious colors," says an architect. "He employed as few persons as possible. Angelica Kaufmann and Zucchi to paint many of the panels and medallions into his ceilings, and it was his habit to have carpets woven to match the pattern overlaid and harmonized with the color there employed. The note of Adam's style is 'movement,' combined with perfect artistic fitness, and it is peculiar for its grace and stateliness."—New York Tribune.

He was telling his wife about a small game of poker in which he had lost 45 cents.

"It was the worst game I ever played," he exclaimed, still angry over it. "and I got so mad I couldn't see."

"What did you do then, dear?" she asked sweetly—"go it blind?"—Chicago Record-Herald.

"How did that roommate of yours manage to raise the wind this time?"

"He sent to his father in his usual breezy way for a draft."—Baltimore American.
